

# SDG 7 – Affordable and Clean Energy

## What is SDG 7?

SDG 7 aims to ensure access to affordable, reliable, sustainable, and modern energy for all.

It is part of the UN 2030 Agenda for Sustainable Development adopted in 2015. Energy is essential for economic growth, education, health, and climate action.

## The High-Level Dialogue on Energy

Held on September 24, 2021, it was the first UN global meeting on energy since 1981.

**GOAL:** Accelerate progress toward global energy targets.

**RESULT:** Creation of the Global Roadmap for Accelerated SDG 7 Action and Energy Compacts with over 400 billion USD in commitments.

## The Global Roadmap for SDG 7

This plan guides collective action to achieve clean and modern energy for all.

It supports renewable energy, innovation, and international cooperation.

## The Role of UN DESA

The United Nations Department of Economic and Social Affairs (DESA):

- Coordinates global discussions on energy.
- Conducts policy analysis.
- Builds capacities in countries.
- Serves as Secretariat for UN-Energy and the SDG 7 Technical Advisory Group.
