

GOAL 13

TAKE URGENT ACTION
TO COMBAT CLIMATE
CHANGE AND ITS
IMPACTS

HOW CAN YOU HELP WITH THIS GOAL?

You can participate in community initiatives and demand that your government cooperate internationally, or you can join organizations that promote the Sustainable Development Goals.

WHAT ACTIONS CAN THE GOBERNMENT TAKE?

THE GOVERNMENT CAN DO THE FOLLOWING:
INTERNATIONAL COOPERATION
SUPPORT FOR GREEN TRADE
PROMOTE THE USE OF TECHNOLOGIES AND INNOVATIONS

WHY IS IT IMPORTANT TO STOP CLIMATE CHANGE?

It is important to stop climate change because it threatens human health, food and water security, ecosystems, and the stability of entire communities.

HOW CAN WE HELP OUR PLANET?

To help our planet, we can take individual actions such as reducing consumption, recycling, and trying to be more conscious when spending any resource.

WHAT IS CLIMATE CHANGE?

Climate change refers to long-term variations in temperatures and weather patterns, which can be natural or caused by human activities.
